Comments

- Good listening to our wants from initial meeting
- Very professional dress
- IT Situation - "their minds are set on what they want"
- Good demonstration of the other apps/web & how they work & failures to our requirements.
- Smooth transitions
- Double check your #s.
- Smile. 😊
- Brandon - Don't rock when talk. Smile - you know what you are talking about!
- Good energy & explanations
- - iron shirt - green shirt
- Don't talk about crashing - how fix it?
- - blue shirt - don't fidget with jacket buttons
- ~~Cross functional map~~ ^{PowerPoint} background was too dark to see lines/arrows & ~~so~~ text too small to read
- Good slide #'s - follow easily
- Group worked very well together.
- Wireframes too small & too many on one screen
- Need more titles or directions on the wire frame. Can't see screen & can't read slide shots on handout. No idea what is on there.
- Really ~~slow~~ crisp transitions - knew when it was their turn.
